Volume 52, Number 49 | CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA | Thursday, October 30, 1947

They say it's hovering fog, rain and general humidity that makes the moon look so big and round—but isn't it beautiful?

Our Town

By Peggy Blanchard ....

If you ever think of national advertisers and their agents you most likely picture them as seen in the movies—plushy office, white furniture, beautiful secretaries in costumes by Adrienne, handsome young executives dashing about, or answering a brace of telephones simultaneously.

This here is no place to discuss the merits of nationwide advertising. We believe in it or we wouldn't be in the business. But—

Once in a while some "big" advertiser gets hold of a simple, sound, important idea.

At this point he usually finds that he doesn't need a 90-piece dance band. He can get along without 50 thousand dollars worth of fashion model and fake sea-side photographic scenery.

All this to lead up to mention of a large corporation's advertisement in current SEPost. I've found nothing in the Post for a long while of more interest than that message about the state of the nation's teaching staffs. It's entitled "How We Deny Our Children."

Campbell is lucky to have teachers of the highest caliber. Do you always remembr, though, that each and everyone of them is actually sacrificing an easier living to help our children get a proper start in life?

We must stop regarding our schools as mere buildings, plus an assembly line for brain-stuffing. We should deplore the teacher-load plan of toting up education costs and remember that teachers have souls, consciences and feelings even as you and I.

Hats off to a manufacturer who sees beyond this month's profit and loss statement to the future of America's children and what they mean to the continuance of our civilization!

•

Buttonholing High School Coach Art Swenson one afternoon this week, Harry and I tried to pass along to him all the raves we've heard about Campbell Union High school's varsity football team.

At every compliment he'd say—"that's a mighty smart boy I have there" or "yes, the boys are sure trying—" See what I mean about Campbell's superior teachers? Each one seems to have special talents, and a winning streak of modesty to go with.

•

Mrs. R. J. Lewis arrived at the Press office Tuesday afternoon with copy for the Footlighters' program. There's more to sponsoring a show than meets the eye and we applaud her and the Garden club for its part in helping along the local drama group.

For after all, there's a thrill to seeing home-town talent on the stage that no Hollywood or Broadway production has ever managed to duplicate—not even when Alice Faye walks on the stage of Carnegie Hall just in time to sing "Mammy" and thus lift the mortgage off the old homestead.

"Wouldn't it be a nice idea," queries Donald R. Gowen, "if the prestige of the Campbell Press could be brought to bear—(to) teach the children and young folks a useful Halloween prank instead of threatening the residents of the community at our front doors with handsful of rotten tomatoes?"

His gentle reprimand came in this week with a clipping from a Palo Alto paper telling how young hobgoblins and ghosts there will collect food and clothing for Europe's starving children as they go their traditional Halloween rounds.

I'm all for this, and I'm sure Campbell parents will agree wholeheartedly—whatever our political or economic beliefs—the need of the children across the seas is one that cannot be gainsaid. Contributions can be sent through your own church or by way of CARE, New York City.

So bread prices went up a penny for the small loaf and 2 cents for the large ones—to 15 and 22 cents.

I hereby resolve to use those last few slices in the bread box, to finish every crumb of my toast in the mornings and to see that puppy Joe eats his crusts (what am I saying? Special hand-outs to the family pet are absolutely taboo!).

Visiting with Mr. and Mrs. James Brand of Winchester Road recently, was Mrs. E. L. Hinkle of Lake Tahoe. Mrs. Hinkle is Mrs. Brand's sister-in-law.

"BELIEVE IT OR NOT"

Marion Nelson and LBen Howard, cast in two of the comedy roles of the Footlighter production "Believe It Or Not" portray a hilarious moment in the play to be presented in Campbell Union High School auditorium at 8.15 p.m. November 7. The play is sponsored by Campbell Garden Club.

Supervisors Okay Transfer of State Funds To Schools; Over Half Million Ear-Marked

By an action taken on Monday of this wek by the Santa Clara County Board of Supervisors, the Elementary and High School Districts of Campbell are to be benefitted by an amount of money in excess of $80,000. This sum is to be augmented by a matching amount provided by the residents of the school district, bringing the total in the immediate Campbell area to over $160,000. The district has one year from December 1st to claim and augment this sum.

A determined and concerted effort was made by the Santa Clara County School Superintendents finance commitee to lay before the board the needs of their respective districts. Led by Thomas P. Ryan, of the Alum Rock Union School District, each superintendent stated his feelings in the matter and was granted a very discrete hearing by the board.

The money, now held by the general fund of the State of California, for allocation to the various counties, to be distributed according to the discretion of their Supervisors, gives to Santa Clara County the sum of $712,933.05. The Supervisors may use this amount or any portion of it for civic improvements, sewer facilities, renewal or renovation of public works, or any post-war construction program that seems most advisable to them.

APPEAL BY SCHOOLS

The strongest appeal, and apparently the one with the most merit, was made by the finance committee of the School Districts. This committee, headed by Thomas P. Ryan, as chairman, and William C. Henley as secretary, had an impressive case to lay before the Supervisors. All school boards in the county, headed by Dr. Hubbard, Superintendent of Schools, were represented. Teachers from more or less isolated localities were present to express their views. Trying conditions under which they were now operating were explained to the Supervisors.

Ryan and Henley explained to the board how the incorporated areas had already shared in the state fund, and put forth sound arguments why it was now the turn of the rural, unincorporated districts to seek benefit. In this the board acquiesced by their approval. The districts with the smallest daily average attendance, which would share the least, came in for a pleasant surprise when Supervisor Joseph McKinnon stated that in his belief the districts such as Burrell and Montebello, with average attendance of 4 and 3, should be granted a minimum of $1000, instead of the $140 and $105 they would automatically be granted under the plan. The entire board agreed that an amendment to this effect should be made.

In Toto Agreement

After weighing the matter in general session, Supervisor Wool called for a vote on the proposal offered by the school finance committee. All voted for the allotment, and the move carried. It now only remains for the committee to lay the facts of acceptance before the authorities in Sacramento to have the funds released.

New Shops Slated For Campbell Ave.

Two new shops in Hacienda style will soon add a touch of old west architecture to Campbell's main street.

They will be the first of a group of modern stores to be built on the north side of the 200 block, Campbell avenue.

Mrs. Virginia Martorano, owner, has engaged Silvery Lisini, San Jose, as contractor.

Work on the first two shops began Monday morning. A Spanish stucco front is to be added to the Campbell Apartments and a patio court is planned to complete the hacienda style.

One shop has already been leased by John the Jeweler, now occupying space in Campbell Hardware store.

Bank Examiner Investigates Our Need For Bank

The state of California, through its banking department, this week took official cognizance of our town.

They sent H. F. Wilson from the department's headquarters in San Francisco to Campbell to spend several days in the vicinity to make a thorough investigation of the banking needs of the community. His findings will be prepared in a report and submitted to the state board for is final decision.

In an interview with the Press on Wednesday, Mr. Wilson staed that in his opinion there was no question in his mind about the urgent need for a local bank. He pointed out that he was acting on his department's request by a local group of business men that they be granted a state charter for the formation and operation here of a privately financed state bank.

His investigation included interviews with other banks in the Campbell vicinity. He said that all the bankers, as well as business men, agreed that a condition of public necessity existed.

In another effort to obtain banking facilities for the town, the Chamber of Commerce had appointed a committee to work on the plan. The Bank of America was contacted and showed sufficient interest to send a representative to Washington to appeal to Federal authorities for permission to open a branch here. Many Campbell business men and organizations sent telegrams to the Comptroller of the Currency urging him to give serious consideration to the plea of the bank's representative for establishing a branch of the Bank of America in Campbell. No action has been taken on the appeal.

Cadets Given Promotions

Promotion of five student members of Campbell Union High School's unit of the California Cadet Corps was announced today by Cadet Corps headquarters in Sacramento.

Those promoted were:

To be cadet first lieutenants—Cadet Second Lieutenants Charles Rizzuto and Warren Whitmore; to be cadet second lieutenants—Cadet Sgt. Bruce B. Bobbitt, Cadet Staff Sergeant Harold V. Ely and Cadet First Sergeant Sherwood Rodgers.

Farm Bureau Elects Officers

Officers of the Santa Clara county Farm Bureau were installed Monday at the San Jose Civic Auditorium by Frank Pierce, public relations director of the CFBF.

New officers include Charles J. Cali, president; Mortimer French, first vice president; Wilton Stine, second vice president; Ross Crump, treasurer; Charles Gubser, state delegate; Herman Gardts and B. T. Galeb, executive board members. Phillip Lupertino and John Breeman are alternate executive board members.

A banquet in the evening at the Scottish Rit Temple climaxed the affair. Over 1000 members attended the session and banquet.

Incorporation Petitions Are Over-Subscribed

MORE THAN ENOUGH NAMES OF PROPERTY OWNERS SECURED BY C. OF C. VOLUNTEERS

For the past several days, volunteer workers have been circulating petitions in Campbell in the interests of incorporation of the town.

It seems pretty well established that property owners, who are the only persons eligible to sign the petitions, are definitely in the majority in the movement to incorporate.

Over 400 names have been signed to the rolls, which will be presented to the Santa Clara County Board of Supervisors next week. According to Richard Morgan, attorney for the committee on incorporation, more than enough names are now signed.

No opposition is expected from the Board of Supervisors, since such an overwhelming majority of people appear to favor the move.

Misunderstanding Cleared

The only negative response to requests for signatures was felt in what has been termed the "fringe area." Only one district, on Rincon avnue, seemed to be divided. Opposition was not concerted, however, and was due in large part to a misunderstanding of the plan as described in the Lynch report. A few people were of the impression that their tax rate would be upped considerably. When it was pointed out that the difference was very small, many of the property owners changed their minds. The estimated 1948-49 tax rate for the unincorporated area is $4.958 per hundred dollars of assessed valuation. Under incorporation the rate would be a maximum of $4.974 per hundred dollars of assessed valuation for property lying within the boundaries of the Sanitary district. Outside of the Sanitary district the rate would be $4.574.

In other words, if a piece of property is now assessed for $1000 the estimated taxes on that property would amount to $49.58. Under incorporation, and receiving the benefits of fire, police and lighting the tax would be $49.74.

Under the law, the incorporated city tax rate of $1.00 is the maximum permissible without the approval of a vote for a higher rate. The 1947-48 tax rate per $100 of assessed valuation in the Campbell Fire District is $0.325, and in the adjoining County Central Fire District $0.363, so it would seem that there should be no objection of property owners to inclusion in the Campbell Fire District because of cost.

The Campbell Chamber of Commerce, as planners and sponsors of the move to incorporate, have called attention to that portion of the Lynch report which quotes from a statement made in a report by the California State Reconstruction and Re-Employment Commission, 1946. The excerpt reads, "The United States is dotted wih cities-that-were, and cities that might have been. A communiy's fate, to a large extent, is in the hands of all its people.

"As with individuals, objective self-appraisal and unremitting constant search for larger opportunities are the avenues to growth and development for any city."

It would seem that in a community of some eight to ten thousand people, incorporation is almost a necessity. Growth has been rapid and promises to continue its upward trend. Business development is sorely needed. Light industry and commercial enterprises should be encouraged in an effort to stabilize employment. Industries of the proper kind could be induced to come to Campbell if the community was organized and had its own civic government. Control of public functions and utilities would be in the hands of its own citizens. Dependence on county agencies would be obviated. The voice of its citizens would be heard by their neighbor citizens who would so much more clearly realize the local problems that constantly come up.

Incorporation Forecast

In their willingness to sign the incorporation petitions, the people of Campbell have forecast the results of an election. It would now appear that at long last Campbell wants to become a sister community to the long list of prosperous, clean and alert towns dotting the map of California.

Footlighters Make Smoke Without Fire

Making a man look like a woman was easy; making a woman look like a man. only slightly more difficult; but the problem that really stumped the Footlighters as they began rehearsals for their Nov. 7 production of "Believe It Or Not" was how to make smoke without fire.

For one of the most uproarious scenes calls for Mrs. Jeanne Sheeder, dressed as a man, to smoke a pipe—neither well nor wisely.

Regulations of Campbell High School auditorium forbid the use of actual fire to produce smoke So the technical crew took up the problem from there. They succeeded after several attempts, but just how they've done it is a professional secret.

Transition of burly Greg Parker into a coy "maid" named Audrey in some 90 seconds has required extensive rehearsal, as did the changing of Mrs. Sheeder into her masculine "twin" in a similar length of time.

Several new faces appear in the Footlighters' cast this time. Among them are Constance Baxter, Alyce Brancato, Don Smith, Elda Beth Hill and Marge Parker

Familiar to those who have attended Footlighters play in the past will be Isla and Budd Levenberg, Greg Parker, Ellen Lanphear,' Marion Nelson, LBen Howard, Gene Hodges and Lloyd Nelson. Dean Chamberlain is the director.

The curtain is to open at 8:15 p. m. Nov. 7.

Ticket Sale To End Wednesday

Campbell Garden Club members, sponsors of the Footlighters production "Believe It Or Not," will tally their ticket sales at a meeting at 2 p.m. Wednesday, Nov. 5, in Mrs. H. E. Peck's home, 141 N. First street.

Mrs. Peck, president, and others of the Garden club, have the important behind-the-scenes role of angel to the play. This week they completed production arrangements for a printed program that will formaly announce the first presentation of the Footlighters' season.

Wednesday, just two days before the presentation, is deadline for ticket returns.

H. C. McVea Passes Away Wednesday

Harris Carl McVea, 74, of Campbell, died Wednesday morning in his home after a heart attack.

Mr. McVea lived in Campbell 35 years. He was a native of Texas.

Surviving him are three sons, Norman C. McVea of San Jose, Raymond and Irvin McVea of Campbell, and two daughters, Mrs. Melvin Janick of San Lorenzo, and Mrs. Hazel McKenzie, Oakland.

Funeral services will be held at 2 p.m. Friday in Rutherford Funeral Home, Campbell. Friends are invited to the services.

Job's Daughters To Install Officers

Invitations are now in the mail for the first installation of officers of Campbell Bethel U.D., international order of Job's Daughters.

The ceremony will be held at 8 p.m. Sunday, Nov. 9, in the IOOF hall. The order is open to girls with Masonic affiliations.

Margaret Andrews is the honored Queen-elect, Virginia Currie, guardian, and Frank A. Coombs, associate guardian.

Chest Fund Nears Two-thirds Mark

Late returns from Campbell schools, Cambrian and Moreland districts are expected to bring Campbell Community Chest fund near its 1947-48 goal.

Current returns in the campaign total some $2000 this morning, Mrs. H. F. Cousins, secretary, said.

Prospective donors who have beeen missed by volunteer solicitors, should mail their contributions to temporary campaign headquarters in the Campbell Water Company office, E. Campbell Ave.

Community Chest funds support the local Boy Scouts, Girl Scouts, Camp Fire Girls, Recreation program and other character-building agencies.

Pettit Speaks To Officers

The Kiwanis Club luncheon meeting of Tuesday was sparked by an interesting recital of figures and facts of the Santa Clara County Fair in a talk by Russ Pettit of the San Jose Chamber of Commerce.

Russ discoursed on the number of miles of hot dogs sold. The countless yards of wrapping paper sold in the diaper-changing booth. The number of visitors to the different exhibits, and the number of lost children. Russ says he has a notion he ought to write a book to be entitled "How to Operate a County Fair." A suggestion by a fellow Kiwanian was that he write a treatise called, "You, too, Can Have a County Fair." In serious vein it was agreed that all in the county who are familiar with Mr. Pettit's efforts towards the success of the Fair were well rewarded. Financially, and in point of interest the fair was the best ever.

Next week's guest speaker will be Edward Cochran of San Jose. He will speak on the science of optometry. Mr. Cochran will be presented by Joe Agostinho.

Woman's Club Soliciting Clothing

A collection of good but outgrown clothing for children from babies to 16 years of age is being made by members of the Country Woman's club.

These clothes will be turned over to the Santa Clara Juvenile home for use of the children there. The first collection will be made at their Nov. 3 meeting and the second at the Nov. 17 meeting.

Mrs. W. R. Morgan, chairman of the Child Welfare, assisted by Mrs. Lawrence J. Hill, and Mrs. Lee Ackerman, are in charge.

Navy Recruiter Here Wednesdays

A U.S. Navy recruiter will be at Campbell Post Office from 10 a.m. to 12 noon each Wednesday hereafter until further notice.

Norlin Hamlim, chief electrician's mate, who is in charge of recruiting here, opened the local office yesterday, Oct. 29.

Trainnig in some 50 trades is open to enlistees with the Navy now and the Navy department currently holds 29 rates open so that former service men can re-enlist at the same rating they held before separation.

WORTHY CAUSE

Everyone agrees that the Boy Scouts of America is a fine organization. It serves boys of all races, creeds, classes, and ages. The program includes Cub Scouting for boys 9 to 12, Boy Scouting for boys older than 12, and Senior Scouting for those above 15. Its activities not only give pleasure and knowledge to its members, but Scouting prepares them to become good citizens.

It develops boys physically, mentally, morally, and socially and gives them a chance to serve their country. Scouting and juvenile delinquency ought not to be mentioned in the same sentence.

Yet Campbell has only one Scout Troop, two Cub Packs, and no Senior Scout units. Campbell needs more Scout units.

Campbell should have more Scout units. With two fine schools, and many churches, there is no want for sponsoring institutions.

A few public spirited men are needed to supply the necessary adult leadership. There will be no trouble finding boys!

What then is lacking? Nothing. Nothing except a little effort and interest to make Campbell a "Scout Town." A little community spirit and pride would pay huge dividends in future citizens.

One way you can show interest in the youth of your community is to attend the Campbell District Round-up and Scout Court of Honor, which will be held at the high school auditorium November 5, at 8:00 P.M.

Letters From Readers

Dear Editor:

The residents of the outlying districts between Campbell and Los Gatos would appreciate an article or editorial in your paper on bicycle riders.

Reports have come to our attention through our members and neighbors that many youngsters riding bicycles, particularly at night, are not complying with the law.

We feel it would be timely to remind parents to check their children's bicycles for lights and reflectors and quiz the children to ascertain their knowledge of the laws governing the roads and their bicycles and handling themselves on the public roads.

Thanking you for your attention and cooperation.

Yours sincerely,
San Tomas Improvement Club,
Mrs. Mary L. Carson, sec'l
28 Munro Ave., Campbell.

To All Parents
Santa Clara County.
Dear Friends:

As we begin a new school year my attention is drawn to the need for bringing before the public those traffic regulations which are intended to safe guard the lives of pupils who ride the school buses. Your cooperation in obeying these regulations is assumed. May I suggest that you help the good cause along by urging others to do likewise.

As you probably recall, section 533 of the California Vehicle Code requires that a motorist must stop upon meeting or before passing a school bus which has halted to discharge or take on passenger outside a business or residential district. This rule applies even though the bus is stopped off the pavement, as required by law.

Your help in bringing this important regulation to the attention of all motorists is greatly appreciated. Only by cooperation between the school, the hme, and the Motor Vehicle Department may we hope to give our children the safe and happy existence we all wish for them.

Sincerely yours,
O. S. Hubbard,
Superintendent of Schools,
Santa Clara County.

To District Superintendents and Principals, Santa Clara County Schools.

Ladies and Gentlemen:

In accordance with the suggestions which you made at the Santa Clara meeting on October 20th, I am enclosing a letter on safety which you may duplicate and send home to the parents over my name, or over your own, as you see fit.

It might be well for you to send the letter home in time to tie in with "Traffic Safety Week," November 3-8, which is sponsored by the San Jose Junior Chamber of Commerce.

Incidentally, in connection with "Traffic Safety Week" the Jaycee is sponsoring a slogan contest open to any Santa Clara County resident. The winning slogan will be used during the 1948 Traffic Safety Week, observance.

This years' slogan, which was chosen in a similar contest in 1946 is "Don't Crowd Heaven in 1947."

The following prizes will be offered: First prize, a wrist watch; second prize, a radio; and third prize, a $25 government bond.

Entries must not be more than 10 words long and must be in by 5 p.m. October 31. I realize the time is short, but some of your youngsters may be interested in submitting a slogan even on such short notice.

Cordially—O. S. Hubbard,
Supt. of Schools, Santa Clara Co.

ST. LUCY'S CLUB

Members of St. Lucy's Women's club will meet at 2:15 p.m. Thursday, Nov. 6, at the Parish hall. Hostess for the affair will be Mrs. Manuel Fields, Mrs. Olivia Miranda and Mrs. Sophia Miranda.

Moreland PTA Hears Of Health Lamps

Fred Reis spoke on germicidal lamps for use in schools at the Moreland PTA meeting held October 15 in the Moreland clubhouse.

In an experiment conducted at a grammar school in Fresno, school absence was cut down 75 percent after the installation of the germicidal lamps.

Possibility that the ultra violet lights may protect the child against all air-borne infections, as well as contagious diseases, is now being studied by medical scientists, according to Mr. Reis.

Mr. A. Shambrook, a representative from the Agricultural Extension Service in Santa Clara county, was another guest speaker and explained the 4-H club program.

Mrs. George Robertson, PTA president, announced that the PTA would sponsor a pot-luck dinner and Halloween party October 31 for families and friends of Moreland school district.

Plans for a card party November 15 were made with Mrs. Larry Keck appointed as general chairman. Proceeds from this event will be used by the PTA to purchase equipment for the school to carry out the year's theme "The Child and His Health."

Piano sools by Ruth Phillips and Rosemarie Magnasco were given during the meeting and refreshments were served.

Scouts Plan Court Of Honor

Scout troops of the Campbell District are busy preparing for the semi-annual Court of Honor to be held Nov. 5 in the Campbell High school auditorium. The purpose of the Court of Honor is to give the Scouts recognition for the badges they have earned and is a public ceremony.

Awaiting the event are Moreland Troop 36, Congregational church troop 31, Union troop 47, and Almaden troop 9.

The Scouts of the district are working hard to complete their advancement requirements and to earn Second Class, First Class, merit badges, Star, Life and Eagle Scout ranks.

Scouting's highest honor, the Eagle award, will be presented to Harry Pankoski and Frank Shepherd of Troop 36. The Bronze Eagle Palm will be presented to Eagle Scout Dudley Herschbach, also of Troop 36.

Banners for competition in the annual Field Day and the Summer Camporee will also be presented.

Also on the program is community singing, which will be led by C. P. Klassen. The men behind the scene—the troop committeemen and scout leaders—will also be introduced, and will award the honors to the boys.

The big event will be held at 8 p.m. Scouts of the Campbell district will welcome the attendance and interest of parents and friends.

Telegraph Hill, 294 feet high, is in the extreme northeast corner of the San Francisco peninsula.

Campbell In Twin Fremont Victory

As a result of last Friday's game with Fremont at Sunnyvale, the Campbell varsity is now leading the league, winning two and tying one.

The first victory of the evening was obtained by the 130's. With five seconds left in the game a Fremont pass was intercepted by La Mar who packed the ball 20 yards to score and break a 0-0 deadlock. Grisham cracked the line for the extra point as the gun sounded the end of the game.

After the 30's victory, the Campbell varsity took to the field determined to make it a twin killing. They started toward this by recovering a Fremont fumble on the Indian 18 yard line. Ambler picked up a first down and Merrill smashed through the line to score. The kick for the extra point was blocked.

The Indians received the kickoff and pushed up field only to lose the ball on downs at the Bucs' 9-yard line. When the Buccaneers regained possession of the ball they started an upfield march. After five consecutive first downs, Orcutt caried the ball around left end and into the end zone. The try for point was again no good. At the end of the first half the Bucs led 12-0.

The third quarter was highlighted by Fremont's drive upfield which was ended when they went over from the 2-yard line to score. Their try for the extra point was blocked.

In the last quarter, Campbell received a Fremont punt on the 50 yard line and after picking up a first down, Ambler went 40 yards through the entire Indian eleven for a touchdown. Ambler added the extra point by smashing through the line. Final score was Campbell 19, Fremont 6.

The varsity will be fighting to remain on top of the league when they meet Mountain View here November 7 at 2:45 p.m.

The lightweights will be seeking their third consecutive victory when they meet Los Gatos here Friday, October 31 at 3:30 p.m.

Campbell Court Notes

By Judge Blaine

This nice looking woman had been arrested for driving too fast in a 25-mile zone. She refused to plead guilty and stood trial. At the trial it came out that she and the arresting officer had quarrelled.

She said, "The officer was rude, insulting. I admit that I was exceeding the speed limit; but I won't take insolence from anybody, not even an officer."

The officer said, "After I'd stopped her and before I had a chance to say a word she burst out, 'I know who you are. You're that impertinent Bob Blank.' I just couldn't take that."

After listening to this sort of exchange for a few minutes the judge imposed a fine of $15. He explained that $10 was for excessive speed and $5 for the show, which was obviously for the defendant's personal satisfaction. She said it was worth it.

The feeling displayed wasn't a new thing. Rather long ago a traffic officer remarked, "I don't like to arrest a woman for speeding. Usually she'll do one of three things: she'll fly into a rage, burst into tears, or try to flirt with you."

But suppose a woman is herself in enforcement work? Then what? A woman with much experience in trying to keep people in line exclaimed "Do you want to know what I think about the public? Damn the public!"

She was a good church member, too, and had many friends and a lot of humor. It was out of her sense of humor that she spoke. It just was that once in a coon's age she needed to explode.

Back of all is the natural human feelng that one has been treated unjustly. And most of us like this advantage. That was a good one we saw in the paper the other day, this: "After all, Snodgrass, isn't a sense of injustice worth more than money to you?"

Boy Scouts Camp Out

Two days full of Scouting activities were enjoyed by three Boy Scout Troops over last week-end at Stuart Scout camp above Saratoga. Saturday evening circle games were played by moonlight and a good camp fire program was enjoyed by the entire camp.

Troop 31, sponsored by Campbell Congregational church, hiked into camp from Saratoga, led by Larry Cowper, assistant scoutmaster. Those attending included Noel Whaley, Leonard McCulley, Leroy Gillium, Tom Gillium, Gerald Gillium, Bill Plymale and Cliff Smith.

Scout Commissioner Milton Ryder, Senior Scouts "Skip" Fortson and Richard Lundy and Field Executive Ken Robison served as camp staff and assisted in planning the program which included a Scout Sunday service, packing demonstration, knife and axe training and other Scouting activities.

Mrs. James Brand, mother of the bride, wore a light aqua floor length gown with aqua sequin details on the bodice. Her corsage was of pale pink camellias which matched the pale pink feather halo on her hair and she wore silver slippers.

The bridegroom's mother wore a brown dress with a brown and beige ostrich hat and wore a corsage of two green baby orchids.

Preceding the service two solos were sung, "Day by Day" and "Always" and organ selections were played during the wedding.

Aiding Sale Of Christmas Seals

To be aired over radio station KSJO next Wednesday at 1:45 p. m. is the fourth in a series of weekly broadcasts featuring the

diagnosis, treatment and control of tuberculosis. The radio series which includes 13 dramatic episodes is sponsored by the Santa Clara County Tuberculosis Association and will be heard weekly at this time.

Next week's broadcast features the general hospital. Fifteen-year-old Bobby Antoine, veteran actor of stage and radio, is featured in the cast of the Constant Invader. Bobby has appeared on Broadway in "Tomorrow The World" and "I Remember Mama," and is heard regularly on the airwaves in "The Eternal Light," "Grand Central Station," "We The People" and "Theater Guild."

Local Seal Sale chairman, Martin S. Walsh, announces that the 41st annual national Christmas Seal Sale will open Monday, November 24, and last through Christmas day. Sixty-five thousand leters will be mailed to county residents. Purchases of Christmas Seals finance the year-around county-wide tuberculosis prevention program of the Santa Clara County Tuberculosis Association.

Last year's association X-raying program brought to light 43 cases of tuberculosis not previously known. Christmas Seals pay for free chest X-rays for all residents of the county.

Wins Peabody Photo Award

John R. Hogan of Philadelphia, chairman of the Photographic Society of America, was awarded the Stuyvesant Peabody Memorial Award medal at the recent annual banquet of the Society.

This medal, and a large bronze plaque upon which the recipient's name is engraved, was given by Patrick H. Peabody, Santa Clara county newspaper publisher and a member of the County Planning Commission, as a memorial to his father who was prominent in the society's affairs until his death in May, 1946.

It is given to the person who in the opinion of a six-man committee, made up of two members each from the East, Middle West and West, has contributed most to the cause of pictorial photography during the preceding year. This was the first annual presentation and Nestor Burett had the privilege of representing Peabody for that purpose. Jack Wright, managing editor of the San Jose News, was a member of the committee of selection.

Family Band At Assemblies of God

The Libby family band will be featured at the Assemblies of God church at 7:30 p.m. Wednesday, Nov. 5.

Ten members of one family will play marches and hymns with a brass band and an old fashioned revival will be held, according to Rev. Herbert Johnson, pastor of the church. One feature of the evening will be the playing of two trumpets at the same time by one member of the band.

Legion Auxiliary Membership Drive

Expanding activities of the American Legion Auxiliary Unit 596 offer new members wide opportunity for interesting and important service, according to Mrs. John Morley, membership chairman of the Campbell Unit, in an invitation issued today to all eligible women to come into the organization at this time.

"Ahead is the most eventful period in the history of the auxiliary. New demands for our services are coming in every field of our activities," Mrs. Morley said. "We are expanding our organization to meet them and creating opportunities for our new members to enjoy in full the rewards of working with the Legion for our veterans and our country.

"Our auxiliary unit works closely with the American Legion Post, giving active support to all Legion projects where the work of women can be helpful. We also share in many of the Legion's social activities, as well as having our own social program. The auxiliary has much to offer that will brighten and broaden the lives of eligible women."

Those eligible to Auxiliary membership, Mrs. Morley stated, are:

All wives, mothers, sisters and daughters of American Legion members, and of men who lost their lives in the armed forces in either war.

The Campbell Unit has 107 members enrolled for 1947 and is expecting a large increase during the coming year.

HISTORY OF CAMPBELL

By T. A. CUTTING

13.—OVERLAND TRAILS

The Mexican congress early revoked the Spanish laws prohibiting foreign commerce and excluding foreigners. Consequently trading vessels were soon making regular trips to San Pedro, Monterey and San Francisco; and immigrants from both Europe and the East began to arrive. A few even managed to establish themselves before the hold of Spain was broken.

John Gilroy in 1814 at the age of eighteen was left at Monterey to die of scurvy by an English fur trader. Instead, however, he lived to become the first English speaking resident of Santa Clara County. He learned the Spanish language, married a daughter of Don Ortega, became rich in land and cattle, and left a town to perpetuate his name.

Philip Dok was the first easterner to settle in the county. He came on the whaler, Albatros in 1822, and for a time was imprisoned as a foreigner. Liberated, he eventually narried a daughter of Governor Castro and lived on the governor's great Las Animas Rancho near Gilroy, first of those to be granted in Santa Clara County. Among the cherished relics of the Castro family is a crucifix given to one of their ancestors by Junipero Serra. Doak died in San Jose in 1848, leaving six children. Other sailors followed Gilroy and Doak.

Captain Jedediah Smith in 1826 was the first American to cross the Sierras. Accompanied by fifteen other trappers and guided by an Indian, he followed the Santa Fe trail to the San Gabriel Mission. He was immediately arrested by the governor but released upon the plea that he had been driven to enter the province by the need of food and water. Set free, he began to trap along the San Joaquin. This worried the governor, and he ordered him to leave the country. But Smith had not completed to his satisfaction the survey of the trapping possibilities of the territory and so moved north into the Sacramento, and camped upon the river which ever since has been called the American from the incident. Again he was commanded to leave; but he protested that he could not do so immediately on account of the snow which blocked the mountain passes. In May, however, he found a way over the mountains and returned to his headquarters at Salt Lake. The following year he was killed by New Mexican Indians while still searching for new trapping grounds. He had pioneered the trail over the Sierras later followed by many of the immigrants to Santa Clara Valley and to Campbell. Other trappers followed and some became permanent settlers.

Eastern interest in the West was first awakened by the expedition of Lewis and Clark in 1805. President Jefferson, learning of English exploration along the Pacific coast decided to gather information about the region in behalf of America, and received a confidential appropriation from Congress for that purpose. Lewis and Clark and some twenty others were selected for the expedition. They wintered on the Mississippi, and the next spring followed up the Missouri by boat. Then crossing on foot to the headwaters of the Columbia, they went down that river in canoes to the Pacific. The published report of the trip after their return resulted in a stream of immigration to Oregon starting in 1839. Oregon, being United States territory, was the first natural goal; but some, upon hearing of the superior climate and more desirable lands of California, turned aside toward Sacramento.

SCRUBBING UP FOR GRAND NATIONAL

Among the Thousands of Cattle, Sheep and Swine competing in this year's $123,000 Grand National Livestock Exposition, Horse Show and Rodeo at San Francisco's Cow Palace Nov. 1-9, will be this prize Spotted Poland China sow, "Iowa Lady." Miss Margaret Richards is brightening up the bristles and the Lady loves it. This year's Grand National Arena Show combines a multimillion dollar parade of livestock, official International Rodeo Association championship finals, ational society horse show and famous circus acts.

GRAND NATIONAL ENTRIES SHATTER ALL RECORDS

All previous records for entries of beef and dairy cattle, sheep and swine in the Grand National Livestock Exposition, Horse Show and Rodeo have been shattered, it was announced today by Nion R. Tucker, president.

A snap tally showed that 3457 head of livestock have been entered, 1031 more than were exhibited in the 1946 show. Competing for $77,666 in cash premiums this year will be 1537 beef cattle, 467 dairy cattle, 751 swine and 702 sheep.

The Grand National, combination of four great shows in one—multi-million dollar parade of livestock, official International Rodeo Association world champoinship finals, glittering society horse show, and famous circus acts—opens in San Francisco's Cow Palace November 1 for the nine-day run.

With the books closed on livestock, every indication points toward another record in horse show competition with entries still pouring in, Tucker said.

"And designation of the Grand National by the International Rodeo Association as the official world championship finals for 1947, makes it possible for those attending the show to see all the top cowboys of the nation battling it out for the I.R.A. titles," he added.

"The I.R.A. is the 'big league' of the rodeo sport, which is second only to basketball in the point of attendance throughout the nation. In officially designating the Grand National as the championship show, and by adding $10,000 to our already large purses, the I.R.A. has, in effect, made us the World Series of rodeo competition.

"It will be a battle to the finish and to the last go-around on Nov. 9 among the top ranking buckaroos for the titles in saddle and bareback bronc riding, Brahma bull riding, steer wrestling, and calf roping. And the top title of all, World's Champion All-Around Cowboy will also be at stake."

Announce Sermon Topic

The subject of the Christian Science lesson-sermon for Sunday, November 2. is "Everlasting Punishment," with the Golden Text taken from Proverbs; "He that covereth his sins shall not prosper: but whoso confesseth and forsaketh them shall have mercy." (28: 13).

The following citations are included in the sermon:

Isaiah: "Seek ye the Lord while he may be found, call ye upon him while he is near: Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon" (55:6-7).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man's enslavement to the most relentless masters—passion, selfishness, envy, hatred, and revenge—is conquered only by a mighty struggle. Here Christian Science is the sovereign panacea, giving strength to the weakness of mortal mind—strength from the immortal and omnipotent Mind—and lifting humanity above itself into purer desires, even into spiritual power and good-will to man" (p. 497).

San Jose State College drama department will open a six night run of "My Sister Eileen," one of Broadway's most delightful comedies, Thursday, October 30.

The play is a heart-warming comedy by Joseph Fields and Jerome Chodorov concerning all the little things that go to make up the daily life of struggling young people in Greenwich Village. Almost every type of New York male, including some Brazilian Naval Cadets, seems to be fascinated by Eileen's endearing young charms, while Ruth, her older sister, struggles valiantly to sell her stories.

"My Sister Eileen" is based on the gossamer little New Yorker stories of Ruth McKenney, and even without the stage play, the two small town girls would still be long remembered.

John Richard Kerr directs the cast headed by Joan Buechner and Roxana Hildreth.
